**Re: Tax Information for Line of Duty Injuries**

Dear Mr. Green:

It has recently come to my attention that some DOC Institutional Human Resource personnel are refusing to assist officers injured within the past year, in obtaining information from the department in order to file for compensation from the federal government. This information is needed for these officers to file their 2009 tax returns.

I am attaching information concerning this matter. It is very important that the department cooperates in assisting its employees in providing the information requested. I am requesting that the human resource departments be instructed to provide the necessary information in order for our officers to file their income tax returns.

If you have any questions concerning the above matter, please contact at the main PBA Office.

Very truly yours
